

Coronavirus (COVID-19) Risk assessment		
Establishment: YMCA East Surrey Pre-School	Assessment by: Teri Morris	Date: 3 June 2020
Review Date: 1 July 2020	Red – high risk Yellow – medium risk Green – little or no risk	Draft: 3 June 2020

People who are at risk	Time & area of consideration	Risks	Description of preventative measures	Action	New risk level after preventative measures & actions
Children, staff & parents	Drop off & collection Reception & Activity Room	<ul style="list-style-type: none"> Children and staff hands will not be washed thoroughly Children will touch face, hands, mouth Families and staff will not stick to social distancing Families and staff will not be truthful about household health Families not telling us children have had medication which may reduce high temperatures Staff will not challenge families about health Children will want toys/teddies/blanket 	<ul style="list-style-type: none"> Parents to drop and pick up the children from front entrance only. Parents and staff are to demonstrate social distancing at all times. If numbers increase beyond 12 per day, families to be issued with staggered times to drop off / collection There will be full day or morning only session to reduce issues around drop off and collection. The Pre-School will be closed on Friday PM, as used for deep clean We will have enough staff to ensure children can adapt to the change in their routine A member of staff will be in the foyer to welcome 	<ul style="list-style-type: none"> Information letter to parents about revised delivery of service Parents to sign agreement of disclosure and abiding to social distancing requirements Guidance and training to be provided to staff prior to re-commencement of work Protocols and signage to be displayed within building and rooms 	<ul style="list-style-type: none"> Children and staff hands will not be washed thoroughly Children will touch face, hands, mouth Families and staff will not stick to social distancing Families and staff will not be truthful about household health Families not telling us children have had medication which may reduce high temperatures Staff will not challenge families about health Children will want toys/teddies/blanket

People who are at risk	Time & area of consideration	Risks	Description of preventative measures	Action	New risk level after preventative measures & actions
		<p>s from home, raising risk of contamination</p> <ul style="list-style-type: none"> • Non-essential travel and social interaction guidelines not followed by staff and families • Parents not following social distancing guidelines 	<p>children and take the register.</p> <ul style="list-style-type: none"> • Children’s bags/coats to go onto trolleys in the foyer. • On arrival at the Pre-School, it is reasonable for staff to ask if parents, children or any member of the household have any of the symptoms of COVID-19. If the answer is yes, they should not be allowed to leave their child at the setting. The child cannot return until a negative test result has been confirmed, or isolation period of 7 or 14 days has ended. • Only children and staff who are symptom free or have completed the required isolation period attend the setting. • No toys, teddys or blankets (or similar) to be brought in from home. • Staff to regularly wash hands through-out the day, including when they arrive to work. 		<p>from home, raising risk of contamination</p> <ul style="list-style-type: none"> • Non-essential travel and social interaction guidelines not followed by staff and families • Parents not following social distancing guidelines

People who are at risk	Time & area of consideration	Risks	Description of preventative measures	Action	New risk level after preventative measures & actions
			<ul style="list-style-type: none"> • Children to enter the setting and staff take them to wash hands thoroughly on arrival at the setting, when changing rooms and before eating or coming in from outside. • All individuals coming to the setting should avoid all non-essential public transport travel, and outside of setting hours, follow national guidelines for social interaction. • Any individual who has been told to shield or who is clinically vulnerable or lives in a household with someone who has been advised to shield or is clinically vulnerable cannot attend the setting. • Any child who has taken any form of paracetamol or ibuprofen will not be allowed into preschool for 48hours after symptoms have ended. • Staff should be aware that children may take time to settle after prolonged break and change in routine. 		

People who are at risk	Time & area of consideration	Risks	Description of preventative measures	Action	New risk level after preventative measures & actions
			<ul style="list-style-type: none"> • Only parents who are symptom free and/or have completed the required isolation periods will be able to drop off or collect their child. • Limit drop off and pick up to 1 adult per family and stagger the timings where possible. No buggy's or siblings into the centre. • Parents to wait outside, one member of staff from the child's group to take child out to parent. • Parents not following social distancing guidelines will be asked to take leave immediately. If they do not follow the request, they will be asked to take their child home. At this point the Head of CYP will be informed and the family will have current guidelines, policy and social distancing measures reinforced to them • Further breaches may result in loss of child's place at Pre-School 		

People who are at risk	Time & area of consideration	Risks	Description of preventative measures	Action	New risk level after preventative measures & actions
	Physical distancing/ grouping in setting	<ul style="list-style-type: none"> Children will not social distance from each other or staff Staff mixing with different groups within the setting, leading to cross contamination Staff will not social distance from each other There will be issues with pinch points within the building and setting, where social distancing will be unachievable 	<ul style="list-style-type: none"> Each Pre-School session will have a lower number of children in attendance than usual to ensure appropriate social distancing Return will be gradual with priority given in this order: vulnerable children (CP plan, CIN, social worker or family support workers, EHCP), parent working as a key workers, disadvantaged - EYPP then FEET funded, SEND, fee paying 3 year olds, fee paying 2 year olds Visual reminders of social distancing requirements around building and setting Staff provided training and guidance on the importance of social distancing Risk assessment of building will be carried out, with actions implemented to reduce pinch points (by implementing one-way systems) Care routines for children (first aid and personal care should be within the designated space) 	<ul style="list-style-type: none"> Information letter to parents about revised delivery of service Visual reminders to be displayed Guidance and training to be provided to staff prior to re-commencement of work Building risk assessment to be carried out Parents to be informed that coats and sunscreen must be brought in, as outside will be accessed in all weathers to encourage social distancing 	<ul style="list-style-type: none"> Children will not social distance from each other or staff Staff will not social distance from each other There will be issues with pinch points within the building and setting, where social distancing will be unachievable

People who are at risk	Time & area of consideration	Risks	Description of preventative measures	Action	New risk level after preventative measures & actions
			<ul style="list-style-type: none"> When staff provide personal care to a child, or assist with toileting - hand washing should be carried out (before and after) Staff also to ensure effective hand washing and clean surfaces after each use. The use of communal internal spaces should be restricted as much as possible (e.g. staff room, kitchen and office) 		
	Play & learning	<ul style="list-style-type: none"> Children will not social distance from each other or staff Soft furnishing, blankets and toys, blankets, soft toys and toys not easily cleaned, and pose a health hazard 	<ul style="list-style-type: none"> Implement social distancing where possible, through the use of small groups and multiple rooms and outside play area through-out the day Parents to leave the site promptly after dropping off and collecting children Minimise the resources available to those that can be cleaned effectively. Ensure children and staff wash hands regularly, throughout the day, as well as before eating, after coughing or sneezing. 	<ul style="list-style-type: none"> Information letter to parents about revised delivery of service Parents to be informed that coats and sunscreen must be brought in, as outside will be accessed in all weathers to encourage social distancing Visual reminders to be displayed Guidance and training to be provided to staff prior to re- 	<ul style="list-style-type: none"> Children will not social distance from each other or staff Soft furnishing, blankets and toys, blankets, soft toys and toys not easily cleaned, and pose a health hazard

		<p>COVID, thus increasing the health risks towards staff</p>		<ul style="list-style-type: none"> • Ensure PPE and cleaning equipment available for isolation of potential case. • Parents to confirm emergency contact details before child returns, to ensure we have correct telephone numbers. • Parents must agree to prompt collection within the new contract, before child returns to the Pre-School setting • If a parent cannot agree to prompt pick up, then the child cannot return to the Pre-School setting 	<p>COVID, thus increasing the health risks towards staff</p>
Workforce	Attendance	<ul style="list-style-type: none"> • Staff coming into work displaying symptoms of COVID 	<ul style="list-style-type: none"> • Staff should only attend the Pre-School if they are symptom free, have completed the required isolation period or achieved a negative test result. • Staff to complete a back to work health questionnaire prior to returning. 	<ul style="list-style-type: none"> • Guidance and training to be provided to staff prior to re-commencement of work • Staff to be vigilant on health and stay away if unwell. 	<ul style="list-style-type: none"> • Staff coming into work displaying symptoms of COVID

People who are at risk	Time & area of consideration	Risks	Description of preventative measures	Action	New risk level after preventative measures & actions
			<ul style="list-style-type: none"> All staff coming to the setting should avoid all non-essential public transport travel, whenever possible and outside of setting hours, should minimise social interactions, as per the national guidelines including wearing of face coverings. 	<ul style="list-style-type: none"> Current government guidance to be followed. 	
Workforce and parents	Physical distancing - staff	<ul style="list-style-type: none"> Physical distancing is difficult to achieve within the Pre-School setting, between children and other staff 	<ul style="list-style-type: none"> 2 staff to be assigned to each group to ensure cover during breaks, toileting etc. Social distancing between other staff must be maintained during breaks. Staff members should avoid physical contact with each other including handshakes, hugs etc. Where possible, meetings and training sessions should be conducted through virtual conferencing. Visual reminders of social distancing requirements around building and setting The use of communal internal spaces should be restricted as much as possible (e.g. staff room, kitchen and office) 	<ul style="list-style-type: none"> Guidance and training to be provided to staff prior to re-commencement of work Visual reminders of social distancing requirements around building and setting Staff provided training and guidance on the importance of social distancing Risk assessment of building will be carried out, with actions implemented to reduce pinch points (by implementing one-way systems) 	<ul style="list-style-type: none"> Physical distancing is difficult to achieve within the Pre-School setting, between children and other staff

People who are at risk	Time & area of consideration	Risks	Description of preventative measures	Action	New risk level after preventative measures & actions
	Training	<ul style="list-style-type: none"> Staff will not know the current guidance and requirements for mitigating the risks of COVID-19 	<ul style="list-style-type: none"> All staff members must receive appropriate instruction, guidance and training on infection control and the standard operation procedure and risk assessments within which they will be operate. 	<ul style="list-style-type: none"> Guidance and training to be provided to staff prior to re-commencement of work 	<ul style="list-style-type: none"> Staff will not know the current guidance and requirements for mitigating the risks of COVID-19
Parents, management & visitors	Communication	<ul style="list-style-type: none"> Parents, children and staff being unaware of guidance, systems and internal protocols to mitigate risks of COVID-19 	<ul style="list-style-type: none"> Parents should receive clear communication regarding the role they play in safe operating procedure and all measures being taken to ensure the safety of their children and themselves. Pre-school Manager/Head of CYP to clearly and promptly keep all staff informed of changes in regards to systems & policies. 	<ul style="list-style-type: none"> Information letter to parents about revised delivery of service Parents to sign agreement of disclosure and abiding to social distancing requirements Guidance and training to be provided to staff prior to re-commencement of work Protocols and signage to be displayed within building and rooms 	<ul style="list-style-type: none"> Parents, children and staff being unaware of guidance, systems and internal protocols to mitigate risks of COVID-19
	Visits	<ul style="list-style-type: none"> Visits of individuals who are not working or attending the setting can increase risk associated with COVID-19 	<ul style="list-style-type: none"> Attendance to the setting should be restricted to children and staff as far as practically possible and visitors should not be permitted to Pre-School 	<ul style="list-style-type: none"> Produce a virtual tour for website Unannounced visitors not to be admitted 	<ul style="list-style-type: none"> Visits of individuals who are not working or attending the setting can increase risk associated with COVID-19

People who are at risk	Time & area of consideration	Risks	Description of preventative measures	Action	New risk level after preventative measures & actions
			unless essential (e.g. essential building maintenance). <ul style="list-style-type: none"> Where essential visits are required these should be made outside of the usual Pre-School hours where possible. All Management involvement, should where possible, be conducted via virtual conferencing such as Zoom. New family show rounds should be done virtually outside of Pre-School hours 	<ul style="list-style-type: none"> Virtual conference to engage with management 	
PPE	Workforce & children	<ul style="list-style-type: none"> PPE not being available Protocols and systems not being followed to reduce risk 	<ul style="list-style-type: none"> Follow up to date government guidance on use of PPE within childcare/education settings Wearing a face covering or face mask in schools or other education/childcare settings is not recommended. Schools and other education or childcare settings should therefore not require staff, children to wear face coverings. Changing habits, cleaning and hygiene are effective 	<ul style="list-style-type: none"> Ample PPE should be available for all staff A COVID-19 grab bag for an individual displaying symptoms to be made available Information letter to parents about revised delivery of service Guidance and training to be provided to staff prior to re-commencement of work 	<ul style="list-style-type: none"> PPE not being available Protocols and systems not being followed to reduce risk

People who are at risk	Time & area of consideration	Risks	Description of preventative measures	Action	New risk level after preventative measures & actions
			<p>measures in controlling the spread of the virus.</p> <ul style="list-style-type: none"> The majority of staff in education settings will not require PPE beyond what they would normally need for their work, even if they are not always able to maintain a distance of 2 metres from others. PPE is only needed in a very small number of cases including: Children, young people and students whose care routinely already involves the use of PPE due to their intimate care needs should continue to receive their care in the same way If a child becomes unwell with symptoms of COVID-19 while in their setting and needs direct personal care until they can return home, a fluid-resistant surgical face mask should be worn by the supervising staff member if a distance of 2 metres cannot be maintained. If contact with the child or young person is necessary, 	<ul style="list-style-type: none"> Protocols and signage to be displayed within building and rooms 	

People who are at risk	Time & area of consideration	Risks	Description of preventative measures	Action	New risk level after preventative measures & actions
			<p>then disposable gloves, a disposable apron and a fluid-resistant surgical face mask should be worn by the supervising adult.</p> <ul style="list-style-type: none"> If a risk assessment determines that there is a risk of splashing to the eyes, for example from coughing, spitting, or vomiting, then eye protection should also be worn Children who are unwell need comfort and reassurance. 		
Cleaning	Undertake regular cleaning	<ul style="list-style-type: none"> Cleaning not completed thoroughly, before, during and at the end of the session Soft toys and furnishing not being removed Adequate cleaning not being carried out when a child/staff displays symptoms of COVID-19 	<ul style="list-style-type: none"> A member of staff should be designated as the key cleaner for communal hot spots Staff to clean AND disinfect frequently touched surfaces throughout the day – including tables, chairs, resources, equipment, doorknobs, light switches, countertops, handles, toilets, taps, and sinks. Wear one pair of disposable gloves for cleaning and dispose of immediately after cleaning. 	<ul style="list-style-type: none"> Ensure that sufficient PPE is available including hand sanitisers. Guidance and training to be provided to staff prior to re-commencement of work Protocols and signage to be displayed within building and rooms Regularly empty bins. Soft toys and furnishings to be removed from setting 	<ul style="list-style-type: none"> Cleaning not completed thoroughly, before, during and at the end of the session Soft toys and furnishing not being removed Adequate cleaning not being carried out when a child/staff displays symptoms of COVID-19

People who are at risk	Time & area of consideration	Risks	Description of preventative measures	Action	New risk level after preventative measures & actions
			<ul style="list-style-type: none"> Using a disposable cloth, first clean hard surfaces with warm soapy water, then disinfect these surfaces with the cleaning products you normally use. Wash hands regularly with soap and water for 20 seconds, and after removing gloves, aprons and other protection used while cleaning. Rugs and carpet tiles not to be used. 	<ul style="list-style-type: none"> If there is a positive test result of an individual who has been in attendance, then current guidance must be followed for cleaning of the setting. 	
Cleaning	Cleaning of electronics	<ul style="list-style-type: none"> Items may not be thoroughly cleaned, resulting in risks associated with COVID-19 	<ul style="list-style-type: none"> Regularly clean electronics, such as tablets, touch screens, keyboards, telephones and remote controls throughout the day. No sharing of iPad. 	<ul style="list-style-type: none"> Guidance and training to be provided to staff prior to re-commencement of work 	<ul style="list-style-type: none"> Items may not be thoroughly cleaned, resulting in risks associated with COVID-19
	Toys & equipment	<ul style="list-style-type: none"> Toys and resources available should be easily cleanable and regularly cleaned especially in between use. 	<ul style="list-style-type: none"> No soft furnishings or soft toys to be available. No playdough to be used. No messy play (no mud, sand, no sensory such as gloop or shaving foam or water play). Other messy play must be limited to small groups with each child having their own 	<ul style="list-style-type: none"> Guidance and training to be provided to staff prior to re-commencement of work Staff to be advised on what items can be used. All toys must be quickly and easily 	<ul style="list-style-type: none"> Toys and resources available should be easily cleanable and regularly cleaned especially in between use.

People who are at risk	Time & area of consideration	Risks	Description of preventative measures	Action	New risk level after preventative measures & actions
			individual container which is washed and refreshed between children. <ul style="list-style-type: none"> Scissors, pens and pencils, paint brushes – very limited items available must be wiped down between use. Books to be read by adult in each small group (paper is not easily cleanable) 	cleanable or placed on a rotating system. <ul style="list-style-type: none"> Stationary can be placed in bags, and rotated. Small selection of books available for children on a rotating basis. 	
	Disposal of potentially contaminated waste	<ul style="list-style-type: none"> Improper disposal of hazardous waste and PPE 	<ul style="list-style-type: none"> Waste from possible cases and cleaning of areas where possible cases have been, should be double bagged and put in a suitable and secure place, marked for storage until: <ol style="list-style-type: none"> the individual tests negative; waste can then be put in with the normal waste the individual tests positive or results not known; then store it for at least 72 hours and put in with the normal waste 	<ul style="list-style-type: none"> Guidance and training to be provided to staff prior to re-commencement of work Use of hazardous waste kit or PHS bins provided 	<ul style="list-style-type: none"> Improper disposal of hazardous waste and PPE
