		<ul style="list-style-type: none"> Children will want toys/teddies/blankets from home, raising risk of contamination Non-essential travel and social interaction guidelines not followed by staff and families Parents not following social distancing guidelines 	<p>the household have any of the symptoms of COVID-19. If the answer is yes, they should not be allowed to leave their child at the setting. The child cannot return until a negative test result has been confirmed, or isolation period of 7 or 14 days has ended.</p> <ul style="list-style-type: none"> Only children and staff who are symptom free or have completed the required isolation period attend the setting. No toys, teddys or blankets (or similar) to be brought in from home. Staff to regularly wash hands through-out the session, including when they arrive to work. Children to enter the setting and staff take them to wash hands thoroughly on arrival at the setting, when changing rooms and before eating or coming in from outside. Any individual who has been told to shield or who is 		<p>from home, raising risk of contamination</p> <ul style="list-style-type: none"> Non-essential travel and social interaction guidelines not followed by staff and families Parents not following social distancing guidelines

People who are at risk	Time & area of consideration	Risks	Description of preventative measures	Action	New risk level after preventative measures & actions
			<p>clinically vulnerable or live in a household with someone who has been advised to shield or is clinically vulnerable cannot attend the setting.</p> <ul style="list-style-type: none"> • Any child who has taken any form of paracetamol or ibuprofen will not be allowed into Holiday Club for 48hours after symptoms have ended. • Staff should be aware that children may take time to settle after prolonged break and change in routine. • Only parents who are symptom free and/or have completed the required isolation periods will be able to collect their child. • Limit pick up to 1 adult per family and stagger the timings where possible. No buggy's or siblings into the centre. • Parents to wait outside, one member of staff from the child's group to take child out to parent. • Parents not following social distancing guidelines will be 		

People who are at risk	Time & area of consideration	Risks	Description of preventative measures	Action	New risk level after preventative measures & actions
			<p>asked to take leave immediately. If they do not follow the request, they will be asked to take their child home. At this point the Head of CYP will be informed and the family will have current guidelines, policy and social distancing measures reinforced to them</p> <ul style="list-style-type: none"> • Further breaches may result in loss of child’s place at After School Club. 		
	Physical distancing/ grouping in setting	<ul style="list-style-type: none"> • Children will not social distance from each other or staff • There will be issues with pinch points within the building and setting, where social distancing will be unachievable 	<ul style="list-style-type: none"> • Each After School Club week will have no more than 15 children per group. After School Club numbers will be limited. Each group will be an allocated school group. • Visual reminders of social distancing requirements around building and setting • Staff provided training and guidance on the importance of social distancing • Risk assessment of building will be carried out, with actions implemented to reduce pinch points (by implementing one-way systems) 	<ul style="list-style-type: none"> • Information letter to parents about revised delivery of service • Visual reminders to be displayed • Guidance and training to be provided to staff prior to re-commencement of work • Building risk assessment to be carried out • Parents to be informed that coats and sunscreen must 	<ul style="list-style-type: none"> • Children will not social distance from each other or staff • There will be issues with pinch points within the building and setting, where social distancing will be unachievable

People who are at risk	Time & area of consideration	Risks	Description of preventative measures	Action	New risk level after preventative measures & actions
			<ul style="list-style-type: none"> Each group will move to their next setting at an allocated time to reduce risk of pinch points. Care routines for children (first aid and personal care should be within the designated space When staff provide personal care to a child or assist with toileting - hand washing should accompany child's, and ensure effective hand washing and surfaces cleaned after each use. The use of communal internal spaces should be restricted as much as possible (e.g. staff room, kitchen and office) 	<p>be brought in, as outside will be accessed in all weathers as much as possible to encourage social distancing</p>	
	Play & Activities	<ul style="list-style-type: none"> Children will not social distance from each other or staff Soft furnishing, blankets and toys, blankets, soft toys and toys not easily cleaned, and pose a health hazard 	<ul style="list-style-type: none"> Implement social distancing where possible, through the use of small groups and multiple rooms and outside play area through-out the session Minimise the resources available to those that can be cleaned effectively. Create activity boxes which are clearly labelled for each 	<ul style="list-style-type: none"> Information letter to parents about revised delivery of service Parents to be informed that coats and sunscreen must be brought in, as outside will be accessed in all weathers to 	<ul style="list-style-type: none"> Children will not social distance from each other or staff Soft furnishing, blankets and toys, blankets, soft toys and toys not easily cleaned, and pose a health hazard

Workforce	Attendance	<p>increasing the health risks towards staff</p> <ul style="list-style-type: none"> Staff coming into work displaying symptoms of COVID 	<ul style="list-style-type: none"> Staff should only attend the After School Club if they are symptom free, have completed the required isolation period or achieved a negative test result. Staff to complete a back to work health questionnaire prior to returning. <ul style="list-style-type: none"> All staff coming to the setting should avoid all non-essential public transport travel, whenever possible and outside of setting hours, should minimise social interactions, as per the national guidelines including wearing of face coverings. 	<ul style="list-style-type: none"> Ensure PPE and cleaning equipment available for isolation of potential case. Parents to confirm emergency contact details before child returns, to ensure we have correct telephone numbers. Guidance and training to be provided to staff prior to re-commencement of work Staff to be vigilant on health and stay away if unwell. Current government guidance to be followed. 	<p>increasing the health risks towards staff</p> <ul style="list-style-type: none"> Staff coming into work displaying symptoms of COVID

People who are at risk	Time & area of consideration	Risks	Description of preventative measures	Action	New risk level after preventative measures & actions
	Training	Staff will not know the current guidance and requirements for mitigating the risks of COVID-19	<ul style="list-style-type: none"> All staff members must receive appropriate instruction, guidance and training on infection control and the standard operation procedure and risk assessments within which they will be operate. 	<ul style="list-style-type: none"> Guidance and training to be provided to staff prior to re-commencement of work 	Staff will not know the current guidance and requirements for mitigating the risks of COVID-19
Parents	Communication	Parents, children, and staff being unaware of guidance, systems and internal protocols to mitigate risks of COVID-19	<ul style="list-style-type: none"> Parents should receive clear communication regarding the role they play in safe operating procedure and all measures being taken to ensure the safety of their children and themselves. After School Club Manager to clearly and promptly keep all staff informed of changes in regards to systems & policies. 	<ul style="list-style-type: none"> Information letter to parents about revised delivery of service Parents to sign agreement of disclosure and abiding to social distancing requirements Guidance and training to be provided to staff prior to re-commencement of work Protocols and signage to be displayed within building and rooms 	Parents, children and staff being unaware of guidance, systems and internal protocols to mitigate risks of COVID-19

People who are at risk	Time & area of consideration	Risks	Description of preventative measures	Action	New risk level after preventative measures & actions
	Visits	<p>Visits of individuals who are not working or attending the setting can increase risk associated with COVID-19</p>	<ul style="list-style-type: none"> Attendance to the setting should be restricted to children and staff as far as practically possible and visitors should not be permitted to After School Club, unless essential (e.g. essential building maintenance). Where essential visits are required these should be made outside of the usual After School Club hours where possible. All Management involvement, should where possible, be conducted via virtual conferencing such as Zoom. 	<ul style="list-style-type: none"> Unannounced visitors not to be admitted Virtual conference to engage with management 	<ul style="list-style-type: none"> Visits of individuals who are not working or attending the setting can increase risk associated with COVID-19
PPE	Workforce & children	<ul style="list-style-type: none"> PPE not being available Protocols and systems not being followed to reduce risk 	<ul style="list-style-type: none"> Follow up to date government guidance on use of PPE within childcare/education settings Wearing a face covering or face mask in schools or other education/childcare settings is not recommended. Schools and other education or childcare settings should 	<ul style="list-style-type: none"> Ample PPE should be available for all staff A COVID-19 grab bag for an individual displaying symptoms to be made available Information letter to parents about 	<ul style="list-style-type: none"> PPE not being available Protocols and systems not being followed to reduce risk

People who are at risk	Time & area of consideration	Risks	Description of preventative measures	Action	New risk level after preventative measures & actions
			<p>therefore not require staff, children to wear face coverings.</p> <ul style="list-style-type: none"> • Changing habits, cleaning and hygiene are effective measures in controlling the spread of the virus. • The majority of staff in education settings will not require PPE beyond what they would normally need for their work, even if they are not always able to maintain a distance of 2 metres from others. • PPE is only needed in a very small number of cases including: Children, young people and students whose care routinely already involves the use of PPE due to their intimate care needs should continue to receive their care in the same way • If a child becomes unwell with symptoms of COVID while in their setting and needs direct personal care until they can return home, a fluid-resistant surgical face mask should be worn by the 	<p>revised delivery of service</p> <ul style="list-style-type: none"> • Guidance and training to be provided to staff prior to re-commencement of work • Protocols and signage to be displayed within building and rooms 	

People who are at risk	Time & area of consideration	Risks	Description of preventative measures	Action	New risk level after preventative measures & actions
Cleaning	Undertake regular cleaning	<ul style="list-style-type: none"> • Cleaning not completed thoroughly, before, during and at the end of the session • Soft toys and furnishing not being removed • Adequate cleaning not being carried out when a child/staff displays symptoms of COVID-19 	<p>supervising staff member if a distance of 2 metres cannot be maintained.</p> <ul style="list-style-type: none"> • If contact with the child or young person is necessary, then disposable gloves, a disposable apron and a fluid-resistant surgical face mask should be worn by the supervising adult. • If a risk assessment determines that there is a risk of splashing to the eyes, for example from coughing, spitting, or vomiting, then eye protection should also be worn • Children who are unwell need comfort and reassurance. • A member of staff should be designated as the key cleaner for communal hot spots • Staff to clean AND disinfect frequently touched surfaces throughout the day – including tables, chairs, 	<ul style="list-style-type: none"> • Ensure that sufficient PPE is available including hand sanitisers. • Guidance and training to be provided to staff prior to re-commencement of work 	

People who are at risk	Time & area of consideration	Risks	Description of preventative measures	Action	New risk level after preventative measures & actions
			<p>resources, equipment, doorknobs, light switches, countertops, handles, toilets, taps, and sinks.</p> <ul style="list-style-type: none"> Wear one pair of disposable gloves for cleaning and dispose of immediately after cleaning. Using a disposable cloth, first clean hard surfaces with warm soapy water, then disinfect these surfaces with the cleaning products you normally use. Wash hands regularly with soap and water for 20 seconds, and after removing gloves, aprons and other protection used while cleaning. Rugs and carpet tiles not to be used. 	<ul style="list-style-type: none"> Protocols and signage to be displayed within building and rooms Regularly empty bins. Soft toys and furnishings to be removed from setting If there is a positive test result of an individual who has been in attendance, then current guidance must be followed for cleaning of the setting. 	
Cleaning	Cleaning of electronics	<ul style="list-style-type: none"> Items may not be thoroughly cleaned resulting in risks associated with COVID-19 	<ul style="list-style-type: none"> Regularly clean electronics, such as tablets, touch screens, keyboards, telephones and remote controls throughout the day. No sharing of iPad. 	<ul style="list-style-type: none"> Guidance and training to be provided to staff prior to re-commencement of work 	<ul style="list-style-type: none"> Items may not be thoroughly cleaned, resulting in risks associated with COVID-19

People who are at risk	Time & area of consideration	Risks	Description of preventative measures	Action	New risk level after preventative measures & actions
	Toys & equipment	<ul style="list-style-type: none"> • Toys and resources available should be easily cleanable and regularly cleaned especially in between use. 	<ul style="list-style-type: none"> • No soft furnishings or soft toys to be available. • No playdough to be used. • No messy play (no mud, sand, no sensory such as gloop or shaving foam or water play. • Other messy play must be limited to small groups with each child having their own individual container which is washed and refreshed between children. • Scissors, pens and pencils, paint brushes – very limited items available must be wiped down between use. • Books to be read by adult in each small group (paper is not easily cleanable) 	<ul style="list-style-type: none"> • Guidance and training to be provided to staff prior to re-commencement of work • Staff to be advised on what items can be used. All toys must be quickly and easily cleanable. 	<ul style="list-style-type: none"> • Toys and resources available should be easily cleanable and regularly cleaned especially in between use.
