

Reigate Trumpets Hill | 4.5 miles

[Download GPX file for this route](#)

Start at Priory Park car park

Walk through the park towards the café, passing to the right of the café and down to the lake.

Pass the lake on your left to the end and after the sluice turn right down a short path to Park Lane, cross over and take the path ahead running along a stream and between the allotments. The path bends to the left and eventually emerges onto Littleton Lane, turn right.

Cross over the bridge in the trees, continue around to the left along the drive towards Littleton Manor Farm, the path skirts right around the farm and between horse paddocks.

Follow this path across and beside fields to Flanchford Road.

Cross the road onto a track, past Gilbert's Farm, past a footpath on the left to a cross path, turn R along the path to Trumpetshill Road, turn R along the road.

Shortly take the left fork up the hill, cross Flanchford Road and take the footpath diagonally left and up the bank.

Continue east on this path alongside the gallops and across the fields to the Greensand Way on Littleton Lane (and the driveway to Littleton Manor Farm again).

Turn right up Littleton Lane, this time continuing up the hill to cross Park Lane and then up the steps and steep path to the top of Priory Park.

Walk along the wide path along the ridge to the memorial, turn right down the path to the tarmac path.

Turn left along the tarmac path, at the end follow the path left just inside the park back to the car park.
